Do you see children/youth with mental health problems? What can you do in your busy practice? How can VIRGINIA MENTAL HEALTH ACCESS PROGRAM (VMAP) help you?

Join VMAP ECHO and get:
• Mental health case-based learning piped to your office
• Opportunities to earn CME
• Access to child psychiatrists/other mental health specialists

Moving Knowledge, Not Patients
Through technology-enabled collaborative learning, ECHO creates access to mental health care for local providers and their communities.

Join VMAP ECHO and get:
• Mental health case-based learning piped to your office
• Opportunities to earn CME
• Access to child psychiatrists/other mental health specialists

Doing More, for More Pediatric Patients with Mental and Behavioral Health Concerns!

PATIENTS
• Right Care
• Right Place
• Right Time

PROVIDERS
• Acquire New Knowledge
• Treat More Patients
• Build Community Practice

COMMUNITY
• Retain Providers
• Keep Patients Local

SYSTEM
• Increase Access
• Improve Quality
• Reduce Cost

AS A VMAP ECHO PARTICIPANT, YOU WILL RECEIVE:
• Monthly case-based education on child mental health from expert interdisciplinary regional teams
• Opportunities to earn CME and MOC 4, through practice improvement.
• Access to a network of child mental health specialists to discuss your challenging cases.
• Access to Telehealth providers with expertise in behavioral and mental health problems.
• Access to statewide and regional Care Navigators

Are you a part of the VMAP ECHO? Email echo.vmap@gmail.com to learn more!
