

Welcome to VMAP ECHO

QI Session #3

25 July 2023 • FINAL QI MEETING!!

Our session will begin promptly at 5:30 pm

*Please enter your name in the chat box;
include any guests attending with you*

1

Important information...

Patient-provider relationship:
Project ECHO case consultations do not create or otherwise establish a provider-patient relationship between any VMAP clinician and any patient whose case is being presented in a Project ECHO setting.

Video recording:
For educational and quality improvement purposes, we will be recording this session.
By participating in this clinic you are consenting to be recorded. We appreciate and value your participation.

2

Important information...

Respect Private Health Information

To protect patient privacy, please only display or say information that doesn't identify a patient or that cannot be linked to a patient.

- Names: Please do not refer to a patient's first/middle/last name or use any initials, etc.
- Locations: Please do not identify a patient's county, city or town.
- Dates: Please do not use any dates (dob) that are linked to a patient. Instead, please use the patient's age.
- Other common identifiers: Patient's family members, friends, co-workers, phone numbers, e-mails, occupation, place of employment
